Need to Facilitate Advance Care Planning Discussions?

This 8-hour course is a comprehensive Advance Care Planning Program (two 4-hour sessions)
You'll learn:

- ❖ To apply advance care planning facilitation skills to assist people in understanding how their own values and needs shape the choices they make for future medical care.
- ❖ To motivate and educate individuals and community groups to accept personal responsibility to reflect, discuss and decide what medical treatments they would or would not want should they be unable to make their own decisions.
- ❖ To facilitate communication of an individual's views and choices with physicians, family members and friends.
- ❖ To clarify the legal, medical and ethical issues in advance care planning.

Who can participate?

- ❖ Healthcare professionals, clergy, attorneys and anyone who assists individuals in advance care planning and completion of advance directives.
